<p>How to Play the Game</p>

<p>This is going to be a rough guide on how to play a hand using poker</p>

</p>

<p> rules, with an example listed below. A hand of No-Limit Tex

as Hold em begins with each</p>

<p> player receiving two cards facedown, called hole cards. &

t</p>

<p>Players will always have</p>

<p> these options when it's their turn to act: bet, call, raise or fold.&

t</p>

<p>Players can win a</p>

<p> hand by using any combination of their two-hole cards and five communi

ty cards on the</p>

<p> board to form the best five card hand.</p>

<p>Remember, after players receive their cards, a</p>

<p> round of preflop betting occurs. Each street, or round</p>

after that, has a different</p>

<p> name.</p>

<p>Flop The first three community cards dealt are referred to as the fl

op . All</p>

<p> remaining players can use these community cards to try and

make the best poker hand.</p>

<p> Play continues with a round of betting. The action starts w

ith the first player still</p>

<p> in the hand who is to the left of the dealer button.</p>

gt;

<p>Turn After completing the round</p>

<p> of betting on the flop, another community card is dealt, called the tu

rn (AKA Fourth</p>); Tj T* BT /F1 12 Tf 50 264 Td (<p> Street). A tot

ble for active</p>

<p> players to try and make the best five-card hand.</p>

<p>Another round of betting takes place.</p>

<p> Again, the action starts with the first remaining player se

ated to the left of the</p>

<p> button. Play always continues in a clockwise direction. When all remai

ning players have</p>

<p> acted, the betting round ends.</p>

<p>River The river (AKA Fifth Street) is the fifth and</p>

<p> last community card. A final round of betting takes place.

If there's a showdown the</p>

<p> point where all action is complete players turn up their

hands. The last player to</p>

<p> bet, known as the last aggressor, must show first. Whoever holds the b

est five-card</p>

<p> hand wins the pot, This action completes the hand, moving o

n to a new one.</p>
