Rolling Slots offers over 5,000 gaming options from a long list of developers, and you can filter the many games based on the preferred provider. Some of the biggest studios here are Quickfire, Playtech, Play'n GO, iSoftBet, Yggdrasil, Betsoft, Pragmatic Play, Quickspin, and ELK. With so many developers in the same place, the range of games is very impressive. Rolling Slots has one of the best libraries of online slot games in Canada. It even includes top progressives like Mega Moolah and Wheel of Wishes, which can award jackpots of over C\$10 million. We like that Rolling Slots also offers other types of games. If you load the entire category of table games you'll find over 600 options. These cover both virtual and live dealer versions of popular titles like blackjack, roulette, and video poker. Live casino games: The live casino tab shows live dealer gaming options from Evolution, Ezugi, Pragmatic Live, Lucky Streak, and ALG. You can take your pick from over 300 live tables that cover the classics and special gameshow options. The HD video of the dealer and the table provide a realistic gaming experience, while you can place your bets on the online interface.
