

## estrategia para sportingbet

Good, but could be better.

</p></p>

This is a review only on the sportsbook, and it's a tough one for me

</p>

</p></p>

</p></p>

</p></p>

When I registered for them I did so purely under the assumption

that they pride themselves in not restricting players and that they

welcome winners. This is partially false according to my personal experiences

. The odds on all markets seem to suspiciously change when I log in to

my account. In every market, odds seem to be 0.02 points lower, or something

close to that. It may not seem like a huge deal to you, but it is a restriction

the way I see it, and it makes me wonder whenever they truly

welcome me on the site as a winner or not. You could make the argument

that it's necessary for their business model to succeed, since betting exchanges

also require you to pay commissions on winnings, but this isn't

the case for some of their competitors which I would recommend

over this site. \*cough\* Pinnacle \*cough\*. Anyway, it's not a huge deal by

any means and I can personally deal with this no problem, but I just

had to throw this information out.

Other points to consider, starting with the positives:

</p></p>

- Despite my gripes about having lowered odds, they're still

very competitive. I place bets there weekly, even daily on busy

weeks. Lots of markets offered and different sports offered as well.

</p></p>

- Customer service is in my experience top class; fast, responsive

and friendly. What else would you want to ask for?

</p></p>

- Withdrawal speeds are very fast so have no fear, they'll

pay you no problem.

</p></p>

</p></p>

</p></p>

Some negatives:

</p></p>

- Desktop site looks very dated, like straight out from ten years ago,

but at least it's functional. Can't say the same about mobile

version, which is terrible.

</p></p>

- They apparently start charging you a fee for withdrawals a
