<p>How Does PokerStars Deal With Bots?</p>  
<p>April 20, 2024 Matthew Pitt Senior Editor</p>  
<p>PokerStars</p>  
<p>recently gave an insight into its game integrity 6 , £ team and recentl  
y launched another</p>  
<p>video showing how the world s number one online poker site deals with  
bots and other</p>  
<p>6 , £ artificial intelligence (AI).</p>  
<p>Bots and AI have been around almost as long as online</p>  
<p>poker. Unscrupulous people will always try to 6 , £ take shortcuts wher  
ever there is money to</p>  
<p>be made. Bots and AI are a common way to do this.</p>  
<p>What Is 6 , £ a Bot?</p>  
<p>A bot is essentially a</p>  
<p>piece of software that automatically plays online poker. The software  
analyses what s</p>  
<p>happened at 6 , £ the table, then makes an automatic decision of what a  
ction to take.</p>  
<p>Usually, this is the most mathematically correct decision.</p>  
<p>Bots 6 , £ have grown more</p>  
<p>advanced over the years. Some can even share information if there is m  
ore than one of</p>  
<p>them 6 , £ at the same table, giving them a massive advantage over a pl  
ayer playing</p>  
<p>fair.</p>  
<p>Another type of AI does all the 6 , £ same analysis before directing its  
user to make</p>  
<p>the correct decision, doing so in real time. Both types are banned 6 , £  
from all online</p>  
<p>poker sites and PokerStars takes the use of any banned software extrem  
ely</p>  
<p>seriously.</p>  
<p>How Does PokerStars Combat Bots?</p>  
<p>Just 6 , £ like its Game Integrity team,</p>  
<p>PokerStars has a dedicated team whose sole job is to combat bots and A  
I. It 6 , £ is made up</p>  
<p>of data scientists, programmers and former professional poker players  
who actively seek</p>  
<p>out and punish illegal software 6 , £ users.</p>  
<p>PokerStars keeps its detection methods secret as</p>  
<p>not to give the software creators hints on how to avoid detection, but  
6 , £ does reveal it</p>  
<p>uses a combination of hardware and software to track down AI users. Th  
e site believes</p>  
<p>it has 6 , £ the best bot detection in the industry.</p>  
<p>The team look for patterns and anomalies</p>  
<p>across billions of hands. A rigorous investigation 6 , £ takes place wh  
enever a suspected bot</p>  
<p>is uncovered. The cheater s funds are frozen and redistributed to thos
