While luck certainly does have a part to play in Blackjack, there is a lot of skill involved. The game is not as simple as it seems. How much strategy you use depends on the time and effort you are willing to put into learning it. Some people think that counting cards is illegal, but it is not. It is just a game of chance. You can find many resources online, such as <http://footballgin.com> and blogs.foi.com.

Blackjack is a card game where the player's hand and the dealer's hand are compared. The player's goal is to get a hand closer to 21 than the dealer's hand without going over. There are many strategies for playing blackjack, such as the basic strategy and the card counting strategy. The basic strategy is the most common and is based on the probability of the dealer's hand. The card counting strategy is more complex and involves keeping track of the cards that have been dealt. There are many resources online for learning more about blackjack, such as philipblackjack.com and santaclarapc1.edu.
