<p>[PR] Evolution Gaming, leading provider of Live Casino solutions, has today announced</p>

<p> the launch of Speed Blackjack, a super-fast Live › ，Blackjack variant that further extends</p>

<p> Evolution s already extensive line-up of Live Blackjack tables.</p>

<p>Evolution s Speed</p>

<p> Blackjack follows the same rules as › ， its regular Live Blackjack but with a key</p>

<p> difference the dealing order when it is time for the player › ， to make their decision.</p>

<p> In the new Speed version, each player s first two cards are dealt as normal. Then when</p>

<p> › ， the dealing of those initial two cards is complete, all players are simultaneously</p>

<p> offered the opportunity to Hit, Double Down › ， or Split. The player who makes the fastest</p>

<p> decision will get their next card dealt first. This dealing pattern continues › ， until all</p>

<p> players have made all of their decisions and all required additional cards have been</p>

<p> dealt.</p>

<p>Todd Haushalter, Chief Product › ， Officer at Evolution, explained: For the last</p>

<p> hundred years or so, Blackjack players have made decisions from the dealer s left › ， to</p>

<p> right, in order, and everyone has had to wait for the deciding player because that is</p>

<p> how it s always › ， been done in casinos. We asked ourselves, Why should players have to</p>

<p> wait? . With Speed Blackjack, players make their decision › ， when they are ready and</p>

<p> whoever is fastest gets the next hit card, giving the player more control. This has › ， no</p>

<p> impact on the maths of the game, it just reduces waiting time. </p>

<p>Haushalter added,</p>

<p> Compared to our standard Live Blackjack › ， game, Speed Blackjack is about 30 40% faster.</p>

<p> I must say, it feels really good as a player because it is › ， the game you know and love,</p>

<p> but you have more control and there s much less waiting time. </p>
