<p>About game #171;Momo Horror Story#187;</p>
<p>It's likely that you already know who or what we're</p>
<p> talking about because the game Momo #128185; Horror Story#39;s main
 screensaver features a monster</p>
<p> with chicken paws and a feminine head. Yes, the character who calls th
 e #128185; subscriber#39;s</p>
<p> phone or sends frightening messages about the subscriber#39;s impendi
 ng death is she or</p>
<p> it. We hope you never receive #128185; such a message, but if it occ
 urs in one of these games,</p>
<p> you can always use the terror experience you #128185; got.</p>
<p>As usual, the story begins with the</p>
<p> game#39;s protagonist sitting at a computer when, out of the blue, hi
 s phone #128185; made a noise,</p>
<p> signaling the arrival of a horrific text message warning of his impend
 ing death. What</p>
<p> should one do #128185; in this circumstance? Maybe you should delete
 and disregard the message.</p>
<p> But why did the light suddenly go out? All #128185; of a sudden, thi
 s is just a coincidence.</p>
<p> Since we lack the strength to speculate further, it would be best #12
 8185; to get a flashlight.</p>
<p> Oh, there it is, laying on the table. Take it, look around, and attemp
 t to find</p>
<p> #128185; something heavier. For instance, pick up a stick so you can
 use it to strike a</p>
<p> prospective foe.</p>
