All CONMEBOL Libertadores player items are Rare and will count as RARE whenever Rares are asked for in a Squad Building Challenge. Even if a player's base item was Silver or Gold Common, the corresponding CONMEBOL Libertadores item will be Bronze and Silver and Gold or Silver Common, and this is a major bug. These cards take up rare slots in packs that EA sells and advertises as having guaranteed rare items, and they are absolutely ineffective because they don't work as rares in the majority of icons on SBCs. Cards do not count as Rares in The Icon SBA's Bronze&silver answers. :
