

# roleta dinheiro real

My Fortune Coins review highlighted a typical time of around three to five days for players redeeming cash prizes via the sweepstakes portion of the site. There are no withdrawals available as there would be at other casinos. You can't redeem any Gold Coins for cash prizes, only Fortune Coins you've played with.

How long does Fortune Coin take to pay out? It depends on which banking option you prefer. While you aren't getting traditional payouts for prizes, redeeming coins for gift cards or cash can take between 3-5 business days whether you prefer debit card, credit card, online banking, or e-wallet transactions.
