<p>About game «Paper.IO 2»</p>

<p></p>

<p>A brand-new online game from the io series is called Paper.IO 2. To capture as much territory 💪 as you can is the game's primary objective. All players are initially positioned on various cards with capacity restrictions. One 💪 of the hues, such as red, blue, green, or orange, is given to each player. You will play on a 💪 sizable sheet of paper that serves as the playing field. You can control the direction in which your colored cube 💪 moves ahead at all times. The size of the map's colored area determines how much territory can be captured. The 💪 more land you seize, the better.</p>

<p></p>

<p>Because each player develops a distinct playing strategy, it is possible to trick and outwit 💪 opponents. It's important to keep in mind that every player on your map will attempt to capture some of your 💪 area; do not permit this to happen. Because it is your most exposed area, always keep an eye on your 💪 tail. Try not to stray too far from your hue, and always keep an eye out. Capture as much territory 💪 as you can to earn the highest score. Best luck!</p>
