<p>What is a double bet?</p>

<p></p>

<p>A double bet is the simplest way of making an accumulator/combination of bets. When placing a double bet, you are betting on 2 outcomes in 2 events on the same betslip. Both outcomes must be correct for you to win the double bet. The 2 separate odds are multiplied with each other and then the stake to determine your return.</p>

<p></p>

<p>Example of a double bet</p>

<p></p>

<p>For example, if you place a double bet with a stake of £10 on Barcelona to beat Atletico Madrid at odds 1/1 (Evens) and Manchester City to beat Liverpool at odds 1/1 (Evens) your return will be £40 () Tj T* BT

t will be £30 (£40-£10=£30). If Bar#a or The

Citizens does not win their match your stake is lost.</p>

<p></p>

<p>Pros and cons of a double bet</p>

<p></p>

<p>The pro of a double bet is that it results in more profit than placing 2 single bets. The con of a double bet is that the risk is

higher because if 1 of the outcomes is not correct then the whole stake is lost.</p>

<p></p>

<p></p>

<p></p>
